

## WITNESS

### BEFORE

1. Pray for your neighborhood and an opportunity to connect with people.

### DURING

2. Pray for homes, whatever God lays on your heart. **i.e.** praying against the sin in that home, the parents in that home, salvation in that home.
3. Pray that streets would become Discipleship Groups and that the neighborhood would become a church.
4. Pray that the presence of Jesus would illuminate homes and the neighborhood.
5. If the opportunity comes up for you to stop and pray for someone, **do it.**

### AFTER

6. Continue praying for people's needs that you encountered during your prayer walk.
7. Create a neighborhood prayer map.
  - a. Identify the number of homes on each street (label those homes on a document or piece of paper)
  - b. Identify and label number and name of people in each home.
  - c. Keep track of how many times they have been prayed for.
  - d. Keep track of how many times you've blessed and eaten with that home.
  - e. Keep track of the gospel conversation that has taken place with each home and the fruit that has come of it.
  - f. Keep track of the discipleship after conversion taking place in the home.
